Overseas Speaker Instruction

Dear invited speakers,

Thank you for attending AFSUMB2021! To facilitate your speech video submission, we would like to inform you of the following:

To make sure everything is smooth going, please note that your CV, smart photo, abstract, slide and speech video should upload no later than August 25th, 2021. Your intellectual property is under high protection, as there is no download option in this system, and all the data will be deleted automatically after this conference.

How to upload

- 1 Visit the official website www.afsumb2021.com, log in to your account (account name: email address, password: AFSUMB2021).

The screenshot shows the AFSUMB 2021 website. The header includes the event title "AFSUMB 2021" and the theme "Better Asia Better US". The navigation bar has links for Home, Introduction, Committee, Abstract Submission, Registration, and Contact. A red box highlights the "Login" button in the bottom navigation bar. A magnified view of the "Login" button is shown to the right, with a hand cursor pointing to it.

Introduction

Better Asia Better US

Dear colleagues and friends,

On behalf of the organizing committee, we are pleased to invite you to attend the 14th Congress of the Asian Federation of Societies for Ultrasound in Medicine and Biology (AFSUMB 2021), in conjunction with the 21st Annual Meeting of Chinese Society of Ultrasound in Medicine (CSUM 2021) to be held at Zhuhai International Conference and Exhibition Center through Sept. 16 (Thu.) to Sept. 19 (Sun.), 2021.

This is the second time that Chinese Society of Ultrasound in Medicine has honor to host this prestigious event since it organized the 1995 congress in Beijing. At the AFSUMB 2021, under the theme "Better Asia, Better US", many professors, doctors, and distinguished leaders from Asia will get together to discuss recently emerging issues and exchange the latest information in the field of ultrasound in medicine and biology. The AFSUMB 2021 scientific program will propose high-quality scientific sessions that will provide more profound knowledge and new perspectives on the field of ultrasound in medicine and biology. The program will be an enriching international platform for every one of the participants and will enhance the scientific level and quality of our field.

Zhuhai, the host city of the AFSUMB 2021, boasts its vigorous and creative developments in science and economics and offers all the possible conveniences and world-class facilities of the international megalopolis that it has become today.

We look forward to welcoming you and your colleagues to the AFSUMB 2021, which promises to be meaningful and fruitful for all the participants.
