

# Publish with Elsevier's Redox Journals

# Elsevier's Redox Journals

The Official Journals of the Society for Redox Biology and Medicine and the Society for Free Radical Research-Europe, and Affiliate Journals of the Society for Free Radical Research International

## Advances in Redox Research

CiteScore 2023: **2.6**

*Editors-in-Chief:* Eric Kelley and Alfonso Pompella

Advances in Redox Research is a peer-reviewed interdisciplinary journal which provides a platform for quality original research papers, short communications, invited reviews, and hypothesis papers focused on the broadest range of studies in oxidation-reduction (redox) processes in biology, biological chemistry, and health and disease - if biologically relevant.

## Free Radical Biology & Medicine

*Editor-in-Chief:* Kelvin J. A. Davies

CiteScore 2023: **14** • 2023 Impact Factor: **7.1**

Free Radical Biology and Medicine is the premier forum for publishing groundbreaking research in the redox biology of both health and disease.

## Redox Biochemistry and Chemistry

*Editors-in-Chief:* Michael Davies and Rafael Radi

Redox Biochemistry and Chemistry is an open access, multidisciplinary platform bridging the fields of redox biochemistry, chemistry, pollution/environmental health research, toxicology and antioxidant mechanisms.

[elsevier.com/locate/rbc](https://elsevier.com/locate/rbc)

## Redox Biology

*Editors-in-Chief:* Tilman Grune and Christopher Kevil

CiteScore 2023: **19.9** • 2023 Impact Factor: **10.7**

Redox Biology publishes novel open access research, methods and review articles in redox biology in the areas of both health and disease.
